Alcohol & Controlled Substances - Common Sanctions

Please use the following as a guide to inform your sanctioning. You should still be using the nine sanctioning factors, and make a full assessment for each case. This guide is designed to be a calibration tool and not on a plug-and-play basis for cases. Common sanctions are added only as reference, not as a prescribed or mandatory sanction. Based on the type of violation (Substance & Tier), choose an **administrative sanction** and **1(+) educational sanction(s) & university action(s)** as appropriate for the case. Note that some cases typically have multiple educational sanctions and are noted by the statement "all of the following" in a bulleted list for the educational sanctions. Also, when suspension is issued as an administrative sanction, a student should also be placed on probation for tenure.

Substance	Type of Violation	Tier 0	Tier 1		Tier 2		Tier 3	
		Administrative Sanction	Administrative Sanction (Choose 1)	Educational Sanctions & University Actions (Choose 1 or more)	Administrative Sanction (Choose 1)	Educational Sanctions & University Actions (Choose 1 or more)	Administrative Sanction (Choose 1)	Educational Sanctions & University Actions (Choose 1 or more)
